ABOUT THE COLLEGE :

Pavender Bharathidasan College of Engineering and Technology (PABCET) was established in 1998 and from there on, it has grown to become one of the most reputed engineering colleges in this part of Tamilnadu. Pavendar Bharathidasan College of Engineering and Technology (PABCET) combines exquisite natural beauty and hi-tech infrastructure of modern times, to set an ideal seat for technical learning. PABCET offers various graduate and post graduate courses in several engineering disciplines - ECE, EEE, IT, CSE, Textile and Biotechnology. The campus has spacious, well-ventilated classrooms, newly generated laboratories and well stocked library. The 18000 sq.ft air conditioned library house with 35,000 volumes of books and more than 1500 international journals is an added advantage.

About the Department :

The department of Biotechnology which was established in the year 2002, has well qualified and highly motivated faculty members and well equipped laboratories to cater the needs of UG students. It offers research programmes and extends an immense support to the development of effective communication skills of the students to get them placed in premier corporate concerns. Many certified programmes in many disciplines related to biotechnology are also offered.
